Living Lands & Waters Calls for Volunteers During Their Ohio River Tour

Since 1998, Living Lands & Waters (LL&W) has worked with more than 97,000 volunteers to remove 8.7 MILLION pounds of marine debris from America's Rivers and they need YOUR help on this fall! Their 2016 Ohio River Tour is kicking off in Cincinnati, OH and they will be hosting several river cleanups in the area.

LL&W operates on a one-of-a-kind fleet of barges, known as the only "industrial strength" river cleanup operation in the world. During their stay in Cincinnati, the LL&W crew will host 2 cleanups a day: 9am-12pm and 1pm-4pm. Individuals, families, and groups are welcome; however, we recommend volunteers be 12 years or older. Each time slot can accommodate up to 45 volunteers! We provide all necessary materials including: lunch, trash bags, gloves, life jackets, water, sunscreen, and bug spray.

About Living Lands & Waters – Chad Pregracke started Living Lands & Waters in 1998 as a not-for-profit organization dedicated to the beautification and restoration of America’s major rivers and the education of environmental issues. From his single boat beginning, LL&W has grown to an industrial strength, internationally known organization with a fleet of barges and workboats. LL&W engages thousands of volunteers each year in river cleanups, hands-on environmental education workshops, the Great Mississippi River Cleanup, Adopt-a- River-Mile program, Invasive Species Removal, and the Million Trees Project.
