About Living Lands & Waters – Chad Pregracke started Living Lands & Waters in 1998 as a not-for-profit organization dedicated to the beautification and restoration of America’s major rivers and the education of environmental issues. From his single boat beginning, LL&W has grown to an industrial strength, internationally known organization with a fleet of barges and workboats. LL&W engages thousands of volunteers each year in river cleanups, hands-on environmental education workshops, the Great Mississippi River Cleanup, Adopt-a- River-Mile program, Invasive Species Removal, and the Million Trees Project.
